

Kerry-Ann is a native of the beautiful island of Jamaica. In the 90's, her family migrated to the United States in search of the American Dream. She was raised in a family of entrepreneurs. Her family owns the Golden Krust Caribbean Bakery Franchise. So, it was only natural for Kerry-Ann to seek out ownership as she pursues her passion for the arts with the creation of Ellington Productions where they write, create, and develop award winning, memorable & inspiring film, television & digital content.

Before living out her dreams as an artist and creator, Kerry-Ann completed the arduous Pre-Medical Magnet program at Ely High school in Pompano Beach FL. Her intentions of becoming a Pediatrician quickly changed when she was bitten by the visual arts bug after enrolling in an Improvisation class at the University of South Florida. She switched her major to Communications and has since spent over 2 decades immersing herself in all things visual arts, both in front of and behind the scenes.

Kerry-Ann has had the pleasure of working in front of the scenes on various stage plays, print jobs, commercials, TV and feature films. Her creative side peaked while working on the set of Battleship as she observed Peter Berg and his team in action. Since shifting to working behind the scenes, her ability to successfully see a project from start to finish as a Producer and an Assistant Director has garnered over 32 independent tv/film awards worldwide.

Outside of the world of entertainment, Kerry-Ann supports the Semper Fi Fund, an organization that provides financial assistance to wounded and critically ill service members and their families. Due to her ambitious work ethic and service driven heart for military families, Kerry-Ann, along with 29 other hard working and dedicated military spouses, were recipients of "Oprah's Favorite Things 2012." This tremendous opportunity gave Kerry-Ann a chance to meet and get to know one of her idols, Ms. Oprah Winfrey.

Kerry-Ann is also a Mortgage Loan Officer with Military Mortgage Group where she gleefully assists military & civilian families across the nation with all their home buying needs with all loan programs. Not surprisingly, Kerry-Ann was the Top Producer of the company for 2023; bringing in over \$10 million in transactions with a total of \$33 million in the span of 3 years.

Kerry-Ann currently resides in California with her 3 handsome and smart sons along with their 2 family dogs. In her spare time, Kerry-Ann enjoys reading and spending time with family & close friends. She also has a sinful obsession for board games, coffee and food.
